Background and experience

Starting his career in the UK, Gavin worked for leading IT brand TechData and independent contracting firms to deliver Microsoft and Cisco solutions throughout Europe and Asia. He relocated to the Cayman Islands in 2005 to assist in rebuilding the telecommunications and IT infrastructure following damage by Hurricane Ivan.

Following the exponential growth of the finance industry in Cayman, Gavin as a partner assisted to build the largest and most accredited IT Consultancy firm on island, delivering multiple ICT service lines to regulated and none-regulated clients as well as the Cayman Islands Government and GOV owned companies. IT Outsource Ltd (ITO) designed, developed, supported, and audited ICT infrastructure in line with global NIST and ISO standards as well as navigating clients through the compliance and risk journeys in relation to the Cayman Islands Monetary Authority, General Data Protection Regulation EU (GDPR) and Health Insurance Portability and Accountability Act. Gavin has taught introductory networking classes at the University College of the Cayman Islands and continues to be a mentor for young people in the technologies space.

- Non-executive board member at OfReg working to monitor and regulate the utilities sectors ensuring safe, reliable and economic public utilities to businesses and the people of the Cayman Islands.
- Member of the Caymans Islands Regiment, a humanitarian aid and disaster recovery service.
- Director of the Royal Cayman Islands Life Saving Society.

Gavin has extensive vendor certification history with:

- Microsoft, Cisco, CompTIA, Dell, Qlogic, Watchguard, Veeam
- AML and PRINCE
