Background and experience

Mark works within the Residential team and assists with all conveyancing matters including drafting contracts, researches, title checks and site visits.

Recognition

"I am writing to say how pleased I was with the way the passing of contracts on my old property, and the purchase of my new one, was handled by your department, especially Mark Carboulec. He dealt with all the various problems that arose in an extremely calm, professional and sensible manner. He succeeded in keeping the stressful moments in proportion. It is thanks to him that the contracts were passed in such a short time. I was very impressed."
