Background and experience

While working with a global offshore legal and fiduciary firm, Mei was appointed on the board of directors for various Cayman mutual and private funds and acted as an independent director for structured financing SPVs. She also worked closely alongside a trust lawyer at the firm in catering to high-net-worth clients. Prior to that, Mei worked at two global trust companies in their China offices providing cross-border structuring services, and, for one, she was the national head of China.

Mei graduated from Nankai University with a Master's Degree in Economics. Following this, she worked as an investment banker at one of China's leading securities companies for four years. During a break between her undergraduate and postgraduate studies, Mei worked for around three years in a Chinese government department.

Mei is a Registered Director with the Cayman Islands Monetary Authority. She speaks Mandarin, English and Cantonese.
