

Guernsey Champagne Reception 2024

Hosted by Guernsey Finance

Join us at our annual Champagne reception in Monte Carlo, where representatives from Guernsey's specialist insurance industry are looking forward to updating you on developments within the sector.

Guernsey's insurance sector is pioneering and innovative, with the jurisdiction boasting a position of leadership in the structuring and execution of alternative risk transfer. We look forward to seeing you there.

The reception takes place in the same week as the 66th Les Rendez-Vous de Septembre (7 - 11 September), when representatives from the global reinsurance market meet to hold bilateral discussions ahead of the renewal of insurance treaties.

We look forward to welcoming Eric Andersen, President of Aon, who will deliver the opening keynote speech at the reception.
