

Ogier named offshore firm of the year at eprivateclient excellence awards

News - 08/07/2022

Ogier has been recognised as the leading firm in its jurisdictions for private client services, with the firm named offshore firm of the year at last night's eprivateclient excellence awards.

Judges referred to the quality, complexity and value of the matters that Ogier's trusts practitioners regularly work on, the firm's tangible commitment to digital and service innovation, its significant focus on building an inclusive, people-centred culture, and how clients are put at the heart of service delivery.

Ogier's is the only trusts team to be ranked top tier in Cayman, Guernsey and Jersey across the leading directories, and has seen significant growth over the past 12 months, including the doubling in size of its Guernsey team. The firm now has the largest contentious and non-contentious Trusts Advisory Group across its jurisdictions.

This win is the latest milestone for Ogier after 12 months of record headcount and income growth, a merger with Dublin law firm Ogier Leman, and the expansion of Ogier's jurisdictional footprint with new offices in Singapore and Beijing.

Global head of Private Wealth, Matt Guthrie, said: "We're extremely pleased to receive this recognition from eprivateclient. This has been a year of significant milestones for Ogier, from record-breaking growth in headcount and income, to being recognised as true market leaders by independent legal directories, and now receiving this excellent recognition from eprivateclient. Embracing a culture of innovation and inclusion has been fundamental to this success and this achievement is very much testament to the work and talent of our people across the globe."

About Ogier

Ogier is a professional services firm with the knowledge and expertise to handle the most demanding and complex transactions and provide expert, efficient and cost-effective services

to all our clients. We regularly win awards for the quality of our client service, our work and our people.
