

Our leading Partners, Bertrand Geradin and Laurent Thailly are attending the first WOOP conference on Thursday 28 March 2019.

WOOP conference is organised for the first time in Luxembourg and is the first event that explores the future and its opportunities by confronting the views of top ranking speakers during Battle Conferences on topical topics: Artificial Intelligence, Blockchain, Tech for Good.

To discuss how we can service you or your clients, do not hesitate to contact us and to get further information on the event please visit this [website](#).
