

Asia Private Wealth specialist Wisdom Hon will be joining a panel of experts on a Global Elite webinar on 6 August to discuss the impact of COVID-19 on private clients.

Titled 'Shifting Sands: The shocks and aftershocks in Russia, Asia and the Middle East for the International Private Client,' the webinar will see Wisdom joined by other leading names in private wealth to look at wide range of topics, with Wisdom focusing on whether wealthy families are rethinking their futures in light of movement restrictions due to the pandemic, and the impact of potential losses in liquidity for trust companies.

Wisdom leads the private wealth team in Hong Kong advising international wealthy families and trust companies on estate and succession planning, trust structuring, family governance, probate and estate administration. She is the only Chinese speaking offshore private client lawyer in Asia recognised in the Private Client Global Elite.

Wisdom said: "I am looking forward to tomorrow's discussion, which promises to provide essential insights for private wealth practitioners working with clients in Asia, Russia and the Middle East. The current global situation presents many uncertainties and challenges, and this webinar brings together leading names in the global private wealth industry to discuss those challenges and uncertainties, and consider where we go from here."
