

Jonathan Hughes will be joining up with the Private Client Dining Club to present on Channel Islands Relocation.

The Channel Islands are a popular relocation destination for UK based HNW clients. Interest in relocating to the Islands has increased following COVID and the strength of the local response to the crisis. In this session, the speakers will discuss the latest trends from the government agencies that are charged with attracting wealthy relocators, Locate Jersey & Locate Guernsey.

The discussion will be hosted on Zoom, facilitating interaction between delegates and the panel using Zoom's Breakroom feature. This will enhance the interaction and allow delegates to put their questions directly to local experts. A full guest list will be circulated to those that attend.

The session is only available to PCD members. Please email tickets@pcd.club to find out more.
