

This year's Debtwire Week will be taking place as a virtual event - partner Bruce MacNeil will be attending the Restructuring day on Wednesday 14 October and the Leveraged Finance day on Thursday 15 October.

Panelists will deep dive into the growing number of restructuring situations and go behind the scenes of major restructuring cases.

Leveraged finance leaders will discuss the challenges and opportunities facing the LBO market, prospects for high yield, CLOs, direct lending and terms.

Please don't hesitate to get in touch with Bruce.
