

Europe's largest diversity event focused on private markets, The Women in Private Equity Forum, is going virtual in November and will again be co-located with the Women in Infrastructure, Women in Real Estate and Women in Private Debt Forums.

Partners Anne-Gaëlle Delabye (Luxembourg) and Sophie Reguengo (Jersey) will be attending to hear how private markets are faring in the current downturn, what industry leaders are doing to address diversity, raising funds remotely and investor perspectives.

Please don't hesitate to get in touch with Anne-Gaëlle or Sophie to arrange a meeting.
