

INSOL International and INSOL Europe will present an online seminar on 15 April 2021 with speakers drawn from across the sector.

Ogier will be sponsoring this online seminar with Mathew Newman facilitating both the morning and evening sessions.

The seminar will address global hot-topics, looking at digital assets and insolvency and Covid-19 national temporary legislation. This is a great opportunity to focus on the things that matter most in the global economy right now and hear from thought leaders from across the globe.

The virtual seminar will be held over two sessions, the first starting at 9am – 10.30am GMT and the second at 6pm – 7.30pm GMT held on Zoom.
