

Global Jersey: International Perspectives

Events - 01/01/0001

2021 marks 60 years since Jersey's modern financial services industry put down roots and began its journey towards becoming the award-winning international finance centre it is today.

In this milestone year, Global Jersey - Jersey Finance's annual day-long series of virtual events - will bring together a diverse range of internationally focused experts to discuss the vital role and positive impact Jersey has on global economies.

Following opening remarks by Joe Moynihan, Jersey Finance's Chief Executive, overviewing the trends, challenges and opportunities within Jersey's key markets, experts will offer their perspectives on key issues of today - women in wealth management, banking's future, investment risk, private wealth and fund domiciliation decisions - before looking ahead to "The Next 60" and the future of Jersey's world-leading international finance centre.

Partner [Steve Meiklejohn](#) will join the panel "**Global Jersey: The Next 60 Years**" to discuss what lies ahead, including:

- What are the key challenges and opportunities we will have to face?
- And in light of these extraordinary times, how have customer expectations evolved?
- Commercial and individual priorities may have changed forever, but can we successfully stay in tune with global sentiment?
