

Ogier is a sponsor for the Global Currents Financial Services Conference in The British Virgin Islands.

Partner Ray Wearmouth will join a panel of experts on day two titled "**Global Britain**", which will provide fresh perspectives on topics including:

- International Finance – an essential engine in economic growth
- UK's strength post Brexit and its role in establishing Global standards for international finance
- How can global Britain facilitate global relationships, especially with China
- Its 'soft political power' - leader in academia, innovation, financial services
- What benefits OT's bring to UK within the international arena: neutral, independent facilitators of global trade
- Transparency including Public Register

If you would like to connect with Ray, please do so using the details provided on the right,
