

ESG Summit: Mirae Asset's take on ESG Investing in Asia

Events - 01/01/0001

ESG (environmental, social and governance) is gaining traction among investors globally and is increasingly becoming a fundamental part of investment decision making. Yet regulatory changes are coming in thick and fast, leaving companies the challenge of tackling ESG issues as the world transitions to a low-carbon economy.

In Mirae Asset's upcoming ESG Summit, [Kasia Zatorska](#) from Ogier Global Sustainable Investment Consulting, will join a panel of speakers who will share their overview of ESG regulatory developments, discuss corporate actions on ESG, and explain what market trends have caught their eyes.
