

Ogier is delighted to sponsor this years IFC Forum.

As the world rebounds from COVID-19 and the rate of digital adoption continues to accelerate, the advice that UHNWs require is changing at a rapid pace. The Citywealth IFC Forum will bring together the leading offshore and onshore advisors to discuss what matters to UHNWs today, keeping them informed of the latest issues and developments.

Rebecca McNulty will be giving a jurisdictional round-up for Guernsey and Jersey with key updates from across the IFCs to include important trust law decisions of the year.
