

Join Leonie Kelly, Director and Head of Ogier Sustainable Investment Consulting, at this webinar hosted by the Hong Kong Venture Capital Association (HKVCA) where she will be discussing:

- What the increasing move into the impact investing market means for mainstream private equity firms;
- The repercussions of going beyond the traditional focus on downside risks associated with ESG issues, towards an impact investment strategy;
- The process involved in designing and managing an impact fund - from due diligence, to structuring, to post investment management.
