

The 5th Annual Cayman Islands Digital Economy Conference (CYDEC), will return to its in-person, full-day format this year.

This year's conference is themed "***Remodelling the Future***" and will bring together global and local experts for an agenda showcasing new ideas and applied technological advancements for leaders in both private and public sectors.

Ogier Counsel [Chris Wall](#) will be moderating an afternoon panel discussion, "**Regulating the Space: Dissecting this global challenge of regulating the fintech and crypto sector and how the Cayman Islands can keep up.**"

If you would like to connect with Chris, please do so via the details provided on the right.
