

Wednesday 21 September at 10am - 11.30am BST, 5pm – 6.30pm HKT: Where Wall Street meets wildlife

Join Ogier for this webinar featuring an interactive panel discussion with leading experts from the conservation and sustainable investment field, and hear some of the ways finance is being applied to help save species and ecosystems on the edge of extinction. This session moves beyond disclosure standards, to discuss real transaction examples of nature-based financing instruments. Join us for an exciting panel with Founders of Coast4C, Posaidon Capital, ADM Capital and LumiVoce.

- ADM Capital is an investment manager with specialist experience investing in dysfunctional markets. With a 20 year track record in the Asia Pacific region, we are widely regarded as a reliable and trusted source of finance in the absence of traditional funding. ADM manage various innovative structures built to suit differing investor requirements and provide flexible capital solutions to SME's in Asia – unlocking value and driving growth, while generating solid risk-adjusted returns to investors.
- LumiVoce means illuminating with voices. LumiVoce inspires and educates the young to fall in love and protect wildlife and biodiversity through the power of music, arts, and education, because “we protect what we love”. LumiVoce enables young creative voices for biodiversity and a sustainable planet.
- Coast 4C is a science-based social enterprise with a mission is to build resilient and vibrant blue economies in marginalised coastal areas that benefit communities, commerce, conservation, and climate by unlocking the promise of the seaweed revolution and the circular economy. Coast 4C (previously Net-Works) is a multi-award winning social enterprise. We have developed an inclusive value chain model for seaweeds and end-of-life fishing nets that benefits the 4Cs: Community, Commerce, Conservation and Climate.
- Posaidon Capital was founded to be a 'bank for nature'. Posaidon augments our human expertise with artificial intelligence to focus on one imperative only: scalable investment vehicles for the one planet we have. The company has specialized in working with private and institutional investors along the entire product value chain to originate, develop, structure and co-manage impactful investment solutions in nature, focused on addressing UN SDGs 14

and 15.

The experts speaking at this event are:

- Tim Clipstone (moderator) - Partner, Ogier
- Dr. Ying Ying Liu - Founder and Executive Director of LumiVoce
- Nicholas Hill - Co-founder & CEO at Coast 4C
- Fabian Huwyler - Posaidon Capital, Founding Partner
- Iain Henderson - Managing Director, Sustainable Finance, ADM Capital
