

We are sponsoring the 12th Annual Global Fund Finance Association Symposium taking place in Miami, Florida, from 8-10 February, 2023. The Fund Finance Association's annual symposium brings together investors, fund managers, bankers and lawyers for education and networking within the fund finance market.

This year, our Banking and Finance partner, Jad Nader, will join a panel of thought leaders as a speaker.

Partners Katrina Edge, Mark Santangeli, James Heinicke, and Managing Associate Tommy Tuohy, also from the Banking and Finance team, will be in attendance at the event.

If you would like to connect with our team at the Symposium, please get in touch.
