

At a glance guide to our MoME services

Focus on growing your fund and let our MoME handle the rest. Ogier's Corporate and Fiduciary services division, Ogier Global, offers MoME (manager of a managed entity) services. This provides management, compliance and administration for Jersey-based fund entities, ensuring you meet local substance requirements. We help you manage risk and focus on growth, confident that your governance and compliance needs are expertly handled.

5 reasons to use MoMEs

Local substance, global acceptance

You'll benefit from robust local substance that strengthens your regulatory and tax position

Expertise on your board

You can access experienced directors and compliance professionals to meet your governance needs

Seamless regulatory compliance

Ensure efficient adherence to Jersey's regulatory requirements and codes of practice

Lower your operational risk

Mitigate operational risk by leveraging our proven systems and extensive expertise

Stay focused on what matters

Free up your team to concentrate on investment and growth, while we handle the administrative and compliance workloads

5 things to know about our MoME services

Corporate governance

Ogier Global can provide experienced directors, company secretarial services and maintain statutory records for your fund entity, supporting good governance and efficient operations

Regulatory compliance

Our experienced compliance professionals can act as your compliance officer, money laundering reporting officer (MLRO) and money laundering compliance officer (MLCO) to ensure you meet all Jersey regulatory and anti-money laundering (AML) requirements

Administration and reporting

Ogier Global can take care of your administrative, accounting, financial reporting and investor reporting needs

Substance and presence

We'll establish a genuine, regulated presence in Jersey for your fund, supporting tax and regulatory acceptance globally

Structure and setup

We'll guide you on structure selection, jurisdictional considerations and establish tailored internal governance procedures for your fund's success
