

# Ogier in the Middle East

## Legal services and corporate and fiduciary services

Ogier has opened in Dubai, providing clients with on-the-ground legal, corporate services, and regulatory consulting. Our approach is to keep it simple. We are agile and strive to work through complexity to provide sound judgment on what really matters, not losing sight of the need for effective project management and superb client service on each transaction.

### 5 things to know about Ogier's legal services

Ogier advises clients in the Middle East on British Virgin Islands, Cayman Islands, Guernsey, Jersey, Ireland and Luxembourg law across its network of offices, which also includes Beijing, Hong Kong, London, Shanghai, Singapore and Tokyo

Our transactional services cover Banking and Finance, including Islamic finance and fund finance and Corporate law. Ogier's investments funds team advises on the full spectrum of fund structures and strategies

From a private wealth perspective Ogier has a long track record of assisting ultra-high net worth families from the region to structure and support their wealth and businesses, and ensure an orderly transfer of wealth to the next generations

Our contentious legal services support our spectrum of transactional services, along with restructuring, fraud and asset tracing. With experience in cross-border, multi-million dollar disputes across much of the globe, we resolve disputes in negotiation, mediation, arbitration or in court

Our Restructuring and Corporate Recovery team advises banks, financial intermediaries, onshore counsel and other professional services providers with company structures, winding up and cross-border insolvency applications, restructuring applications, liquidation, negligence and partnership disputes
