straightforward, with expert advice delivered in an efficient and cost-effective way.

### Combining local expertise with global insight

Our lawyers have substantial experience working with clients across a wide variety of sectors, including private credit, debt, real estate, venture capital, infrastructure, healthcare, energy, technology and web3 - and across the full spectrum of strategies, including quantitative, macro, emerging markets, equity, market-neutral, plus long and short positions.

Our deep bench of regulatory expertise enables us to provide integrated legal, regulatory and compliance solutions to our high profile, international client base.

We collaborate with teams across our global network of offices, providing clients with seamless support on the six laws of BVI, Cayman Islands, Guernsey, Ireland, Jersey and Luxembourg.

We also have an office in Hong Kong, with a team of Cayman-qualified funds lawyers providing Asia-based clients with real-time support. We support our clients in Asia through our Beijing, Shanghai, Singapore and Tokyo offices.
